

A benefit provided by your employer that lets you set aside a certain amount of your paycheck into an account before paying income taxes. Then, during the year you can be directly reimbursed from your account for qualified healthcare and dependent care expenses.

This account is used to pay for expenses that are not covered by insurance. For example, your insurance may not cover deductibles, co-payments, annual physicals, eye exams, glasses, or orthodontics, just to name a few.

No. Your net take-home pay will increase by the amount of taxes you did not pay.

Only if you have a change-in-status, such as marriage, birth, adoption, a change in you or your spouse's employment status, a reduction in work hours, or a change in medical coverage due to enrollment through the exchange.

Whether to participate in the daycare portion of this plan depends on your income, filing status, number of dependents and annual daycare expenses.

The amount you deposit in your Dependent Care Account reduces the amount, dollar for dollar, that you can claim as a credit on your tax return. Contact your plan administrator for further information.

If you do not wish to file electronically, a paper claim form and instructions on how to file your paper claim is available on the Consociate website or through your HR department. Complete the form, attach a copy of the healthcare or dependent care bill, and mail, fax, or email your form to Consociate. Within a short time, you will receive your reimbursement. Claims can be filed online at www.consociatefsa.com or via the Consociate FSA mobile app.

The amount you set aside each year for the Healthcare Account is available to you at any time throughout the plan year. The Dependent Care Account Reimbursement amount available is the amount you have contributed to date.

Available balances can be accessed at www.consociatefsa.com, through the Consociate FlexMobile app or by calling the Consociate Call Center at 1-800-798-2422.

You will be able to request reimbursement for healthcare and daycare expenses that you incurred prior to your termination. Check your SPD for any additional rights or benefits provided by your company's plan.

Review your estimated expenses before deciding to participate. Any contributions not used during the plan year may not be paid to you or used in a later plan year unless your employer has elected the 2.5 month extension or \$500 rollover option. Please contact your HR department to see if this is an option.

You and your family can still participate in the Healthcare, Dependent Care, and Adoption Accounts.

do I benefit by participating?

Your biggest advantage is the tax savings. Every dollar you set aside reduces how much you pay in income taxes. Plus, you can be reimbursed for qualified expenses that you are already paying for.
